Homeschool Excursions focuses on offering unique opportunities. We generally avoid scheduling events that anyone could arrange on their own (tours, shows, etc). If we do attend a theatre performance, there's always a backstage tour, a talk-back with the actors, or some other form of interactive experience.

We primarily offer courses with hired instructors, such as environmental programs, craft activities, and science classes.

Homeschool Excursions' emphasis is to encourage students to think creatively, to work cooperatively, and to build community.
